

Historic McMillen Cemetery

The McMillen Cemetery on McMillen Road in Murphy, Collin County, Texas is owned by the Corinth Presbyterian Church in Parker, Texas. Recently the church cemetery committee applied and received the coveted Texas Historic Cemetery designation. A Texas Historic Cemetery medallion is in the works.

At the same time the historic designation was applied for, they applied for and received a \$1,000 grant from the Collin County Historical Commission to clean the grounds and trees, repair the fence and corner post, and clear six feet outside the fence perimeter of vines and other undergrowth. That was accomplished in June 2011 using the grant money.
